

Aerospace Testing Alliance

A Joint Venture of Jacobs, CSC, and GP

QUALITY ASSURANCE REQUIREMENTS

Lead sheets will be identified per ASTM B749. Lead sheets $\frac{1}{2}$ " thick and over will be marked along one edge using constantly recurring symbols with a non-water soluble ink or paint. These symbols will include the federal specification symbol, grade, manufacturer's name, brand, or trademark, and the melt or cast number. The symbols will be repeated at intervals not greater than 3 ft. apart along the edge of the sheet. For sheets less than $\frac{1}{2}$ " thick, the information will be furnished on the packing container.

Any material received unmarked will be rejected.

QUALITY NOTE 13
