

Aerospace Testing Alliance

A Joint Venture of Jacobs, CSC, and GP

QUALITY ASSURANCE REQUIREMENTS

Asbestos containing material must be packaged in an unopened vendor sealed package, or must be sealed in a 6 mil plastic wrap/bag by a Materials Management storekeeper. In either case the package must bear an asbestos warning statement pre-stenciled on the packaging or a label affixed to the package. These requirements must be met before issuing the material to the customer or placing it in storage for subsequent issue.

QUALITY NOTE 28
